 Department of Defense

SAFE Airports Software Integration, PANYNJ | LGA & JFK

2019 | Pursuit Program Manager | Saab Sensis
 Defined concept of operations (CONOPS) to inform key performance indicators (KPIs), completed gap analysis, and supported operational/departmental assessments and improvement analysis. Documented processes, methodologies and findings for future knowledge transfer and mapping efforts.

Co-Program Manager, Post-Deployment PANYNJ | LGA & JFK

2018 – 2019 | Co-Program Manager | Saab Sensis
 Provided on-site training programs and user groups for airport stakeholders, from operational workers to C-Suite executives. Post-deployment support included program refresher courses, train-the-trainer programs, and updated workflows to reflect changes in processes, systems, and procedures. Continuous support was provided both on-site and virtually, as needed.

Surface Area Management System | SEA

2018 – 2019 | Pursuit PM & Program Manager | Saab Sensis
 Led design, installation, testing, training, transfer of operations, and post-deployment support of the Aerobahn pursuit and award. Mapped all requirements, plans, and procedures to system capabilities for operational readiness and implementation. Developed milestones, dependancies, tracked and reported project status.

Aerobahn Program Development, Rollout & Support LAWA

2014—2019 | Co-Program Manager | Saab Sensis
 Designed & deployed comprehensive program from clearly defined framework addressing areas of operational readiness, testing, training, and rollou and post-activation support. Developed dashboards and reports for stakeholder needs.

SAFE Airports Software Integration | DFW

2018 – 2019 | Pursuit Program Manager | Saab Sensis
 Defined concept of operations (CONOPS) to inform key performance indicators (KPIs), completed gap analysis, and surveyed multiple departments to understand department and customer needs, expectations, against regulatory standards. Developed specific interactive dashboards and reports based audience needs using business intelligence.

Operational Readiness Exercise, Inspection & Implementation | JBER

2011-2015 | Director of Operations | USAF JBER, AK
 Led a team of 140 across 4 aviation divisions through Operational Readiness Inspection, Exercise, and Implementation events. Simulated real-world scenarios, tested the processes, systems, and procedures to be implemented - SOPs, incident management reports. Inspected and tested for security, accuracy, completeness, and regulatory adherence.

Elmendorf Airfield Construction | EDF

2012 – 2015 | Director of Operations | USAF JBER, AK
 Budgeted and oversaw 30 airport projects valued over \$50M, simultaneously completed, supported three international aviation exercises, navigational aid overhauls (MagVar).

LYNDON STRATEGIES LLC | WBE, SDVOSB, SBE for NYS, PANYNJ
